

St Anthony's Hospital

Personal Profile

Mr Dhiren Nehra FRCS; MPhil
Consultant General Surgeon

(with specialist interest in Gastro-intestinal & Pancreato-Biliary Surgery) Epsom and St Helier Hospitals and St Anthony's Hospital.

Specialist interest include

Laparoscopic and gastrointestinal surgery, OGD and colonoscopy, laparoscopic cholecystectomy and anti-reflux procedures, daycase surgery including hernia repairs with mini-incision double mesh technique under local anaesthetic.

Dhiren Nehra has been working with the Epsom and St Helier Trust since 1999 with clinical sessions at both hospitals. He has been the Cancer Specialist for the SW Thames Upper GI Cancer Network. He graduated in Bombay with MS in General Surgery and underwent Higher Training in Wales in Upper GI surgery culminating in MPhil Thesis on Bile Reflux in Barrett's Oesophagus. He gained further experience at University Hospital California, Los Angeles where he spent a years training in the Foregut Unit under Dr DeMeester and also visited the Gastric Cancer Unit at the National Cancer Hospital in Tokyo.

His current clinical practice includes most aspects of day-case general surgery (hernia, varicose veins, anorectal, lumps etc) in addition to specialist gastrointestinal and laparoscopic surgery.
